PROFESSIONAL SUMMARY

Detail-oriented and analytical Data Analyst fresher with a solid background in SQL, Python, Power BI, and Advanced Excel. Practical experience in data cleaning, exploratory data analysis (EDA), ETL processes, and dashboard creation. Skilled in transforming raw data into actionable insights for business decision-making.

KEY HIGHLIGHTS

- Built 3+ data analytics projects using Python, SQL, and Power BI.
- Worked with datasets exceeding 75,000+ records.
- Designed interactive dashboards for business reporting and performance tracking.
- Performed data cleaning, transformation, and exploratory data analysis (EDA).

EDUCATION

Bachelor of Computer Science

Adhikavi Nannaya University

CGPA: 7.46 / 10

Intermediate (MPC)

Heavens Junior College

CGPA: 6.5 / 10

Secondary Education (10th Grade)

Santhinikethan English Medium High School

CGPA: 7.3 / 10

PROJECTS

Sales Dashboard — Power BI

- Processed and cleaned 75,000+ sales records using Python (Pandas) and SQL.
- Built an interactive dashboard visualizing revenue, profit margin, and regional performance.
- Identified underperforming regions and suggested improvements, achieving a simulated 20% revenue increase.

Customer Churn Prediction Model

- Performed exploratory data analysis on telecom dataset with 50,000+ records.
- Built Logistic Regression and Random Forest models achieving 87% accuracy.
- Identified high-risk customer segments and provided actionable insights.

HR Analytics and Attrition Dashboard

- Designed Excel and Power BI dashboards to analyze employee attrition and retention.
- Automated HR reporting, reducing manual effort by 40%.

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy, Matplotlib, Seaborn)

Databases: MySQL

Data Visualization: Power BI, Tableau, Advanced Excel

Tools: Jupyter Notebook, Google Colab, MS Excel, Google Sheets

ACHIEVEMENTS

- Completed **Data Analytics Virtual Experience Program** by Deloitte (Forage), 2026.
- Completed **Data Visualization Virtual Experience Program** by Tata Group (Forage), 2026.
